Parts are Parts

Part No: 960-000077

Description: Technical Manual - DBV-200

Usage: This newly revised manual for the DBV-200 bill validators will be posted on the JCM web site this month. The printed version will be released in late April.

Note: This manual contains information on model identification, diagnostics, calibration, test equipment, exploded diagrams, and the parts list.

Customer Notification/Tech Tips:

NexGen Currency Release Information

JCM is working very closely with the Department of Treasury's Bureau of Engraving and Printing (BEP) to ensure that our hardware and software is ready for the release of the NexGen currency. This is our current timeline:

March - Unveiling of the NexGen twenty dollar note design to the media and public.

Second Quarter - Release of NexGen currency Test Stacks to JCM for software development.

Second and Third Quarter - Software development and JCM product quality testing.

Third and Fourth Quarter - OEM software approval, gaming regulatory agency approval.

Fourth Quarter - Release of NexGen twenty dollar currency.

JCM believes in offering the finest Customer Service in the industry. We want our customers to know the facts about the NexGen currency, and our program to make our hardware and software ready ahead of the release date.

JCM will be ready...will you?

Scheduled Release for New Bills	
$20	4th Quarter, 2003
$50	3rd Quarter, 2005
$100	3rd Quarter, 2005 or later
