Parts are Parts

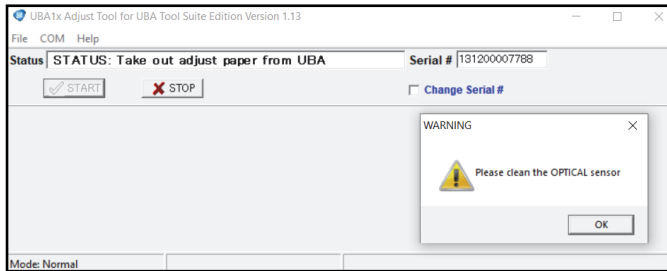

Fig. 1 Clean OPTICAL Sensor Message (UBA1x Adjust Tool UBA Tool Suite)

Part No. 300-100352R (Upper)/300-100332R (Lower)

Description: UBA® Upper Sensor Board/
UBA Lower Sensor Board

Usage: The Clean Optical Sensor message (**Figure 1**) may appear during UBA Unit calibration. This warning indicates the UBA Unit's Sensors did not calibrate properly. While the UBA Unit will continue to accept Banknotes, the Banknote Acceptance Rate may be affected, and more frequent cleaning will be required until corrective action is taken.

If the Clean Optical Sensor message appears after the UBA Upper and Lower Sensors have been cleaned:

1. Remove power from the UBA.
2. Replace the Upper Sensor Board and/or the Lower Sensor Board.
3. Recalibrate the UBA Unit. The Clean Optical Sensor message should no longer appear.

The Latest JCM Software Listing (shown above) identifies specific software versions that have been released to OEMs. It is the responsibility of the OEM to obtain all required approvals from Gaming Regulators and Jurisdictional Authorities necessary for use of approved software versions. Contact the Game Manufacturer (OEM) for information on specific software releases approved for use within your gaming jurisdiction.

JCM recommends using the latest version for maximum acceptance, security, and performance.

JCM eLearning Offerings

JCM offers the following Training Options to help keep your JCM Products performing within factory specifications:

Online Training

For those who prefer self-study, Online Training is available 24/7. Training can be completed as your schedule permits. A Certificate of Completion is provided upon course completion.

Virtual Training

Instructor-led events for all JCM products are also available. Full interaction between attendees and the Instructor meets the needs of your team. Contact JCM Training at training.jcmglobal.com for more information.

Create Immersive Environments with JCM Global® Digital Signage Solutions

JCM Global Digital Signage Solutions allow operators to communicate with their guests in more meaningful and entertaining ways. With unsurpassed color uniformity and dazzling pixel-to-pixel resolution, JCM's digital signage technology offers guests a unique experience in sports books, hotel lobbies, casino floors, and more. The Digital Signage Solutions product line includes flat, curved, cube, and transparent displays that showcase engaging and impactful video content. From large scale LED video walls to intricate architectural signage, JCM delivers breathtaking installations that are only limited by the imagination.

FREE JCM TRAINING AVAILABLE 24/7

Technicians need training, but is time or class availability a problem? JCM Online Training offers classes to meet your schedule and your needs. JCM Online Training Programs feature the same content as JCM On-site Training with the added convenience of flexible scheduling. Visit training.jcmglobal.com for more information or to register for classes.

Technical Bulletin 202012 December 2020

At this Holiday Season, we reflect on the challenges and successes of the past, as we welcome a New Year of product innovation and development of new concepts in technology at JCM Global.

We look forward to serving you in the New Year and beyond with the superior quality products and services you expect from JCM, and our commitment to providing you with exceptional Customer Service. Thank You for choosing JCM Global!

On behalf of the JCM Global family, we wish you a safe and joyous Holiday Season, and a New Year filled with peace and prosperity!
