## Parts are Parts

Figure 1 Motor and Gear Unit, iVIZION SH MGA (P/N 239528)

**Part No.** 239528

**Description:** Motor and Gear Unit, iVIZION SH MGA

**Usage:** Stacking banknotes into a high-capacity cash box requires more torque than a 500 or 900 note cash box. The iVIZION®-101 SH Unit has a Motor Gear Assembly (**Figure 1**) designed for use with the 3000 note horizontal stack cash box to provide increased stacking power and reliable performance. This is the only Motor Gear Assembly approved to be used in the iVIZION-101 SH Unit.

**Note:** To ensure optimal performance of the iVIZION-101 SH Unit, use only approved components, such as the Motor and Gear Unit, iVIZION SH MGA (JCM P/N 239528). Motor Gear Assemblies from an iVIZION-100 SS/SU Unit modified for use in an iVIZION-101 SH will result in degraded performance and stacking function failures, and should not be used.
