Notification #:	20050328	**Revision:**	1.0	**Page:**	1 of 1

Release Date: March 28th, 2005

Effective Date: March 28th, 2005

Notification Status: ☐ Advisory ☐ Mandatory ☒ Announcement

Classification: ☒ Firmware ☐ Hardware ☐ Policy/Procedure

Description: Firmware Upgrade - WBA

Hardware: WBA-1x (10/11/12/13/14/15)

Interface:	All	**Check Sum:**		n/a
Firmware Version:	3.35-xxx	**CRC (seed = 0000):**		n/a

Conditions:

JCM engineering identified a new variant of the $10 counterfeit (Series 1999 – 2001) on Friday, March 25th. This counterfeit note is accepted by the recently released WBA-1X, 3.35-xxx firmware. JCM Engineering is currently integrating active security enhancements into the WBA firmware to prevent future variants of this counterfeit from being accepted.

JCM engineering will also be analyzing and incorporating additional security enhancements for other denominations as appropriate.

JCM expects to release the new firmware to our OEM partners on Monday, April 4th. The firmware change details and a new set of Customer Notifications will be released at that time.

Notes:

The intent of this announcement is to accurately reflect information available at the time of this writing. This information can change or be modified at any time with no formal notification requirements. Please contact your local JCM Sales Representative or JCM Customer Service at (800) 683-7248 for additional information.
