### **JCM Global Completes Multi-year Project at 10 Muscogee (Creek) Nation Casino Properties**

#### ***iVIZION and ICB Intelligent Cash Box system now on 6,800 games***

LAS VEGAS (June 15, 2026) – JCM Global® has completed a rigorous, multi-year project at ten Muscogee (Creek) Nation casino properties across Oklahoma, installing the award-winning and technologically advanced iVIZION® bill validator and ICB® Intelligent Cash Box system on all Class II and Class III gaming devices.

Marking the end of the project, the recent opening of Coweta Casino & Hotel brings the total to nearly 6,800 games now protected by the industry-leading iVIZION. Additionally, all ten casino floors are now operating with the maximum efficiency of the pioneering ICB system.

“We are honored and humbled with the ongoing trust and partnership Muscogee Nation places in JCM Global. They are dedicated to providing a fun atmosphere and first-rate customer service, and this extensive project to install both iVIZION and ICB helps deliver on that commitment,” JCM SVP – Sales, Marketing & Operations Dave Kubajak said. “This multi-year project further illustrates JCM’s commitment to being long-term partners with our customers, and we walk with them every step of the way on their technology roadmap.”

iVIZION is the gaming industry’s leading bill validator, and sees better, thinks smarter, and runs faster than any product in its class. iVIZION increases security by scanning the entire note or ticket, front and back, defeating counterfeiters, all while maintaining the fastest and highest acceptance rate of any bill validator in its class.

The ICB Intelligent Cash Box system is proven to speed the entire drop process while also eliminating human error, increasing accuracy, and increasing compliance, for the ultimate in drop and cage performance.
