JCM Global Brings World-leading Innovations to AGE 2026

JCM at stand 341

SYDNEY (3 August 2026) – JCM Global® (JCM) is one of the most trusted gaming equipment suppliers in Australasia, and now the company is bringing its world-leading innovations to the Australasian Gaming Expo (AGE) 2026, where the company will be at stand #341.

“JCM is on the ground throughout Australasia with local offices in Hong Kong, Macau, Osaka, Shanghai, Sydney, and Tokyo, and we are honoured by the trust our customers have placed in us for decades. At AGE 2026, we are proud to show our collection of pioneering and standard-setting products that boost security, increase efficiencies, and enhance the customer experience,” said JCM Asia-Pacific General Manager Ian Payne.

Security begins with JCM’s landmark and award-winning bill validators: iVIZION® and UBA Pro®. These best-in-class technologies provide the highest levels of security and acceptance in automated transaction applications.

JCM’s GEN5® Thermal Printer is the perfect companion to iVIZION and UBA Pro and enables operators to enhance the guest experience by communicating directly with players with fast, high-resolution ticket and promotional coupon printing.

JCM is one of the industry’s most innovative systems providers and will present FUZION® and the ICB® Intelligent Cash Box system. FUZION connects iVIZION, GEN5, and the back office to deploy a full suite of features, including BLE mobile wallet connectivity, real-time peripheral performance data, proactive drop/fill alerts, real-time asset monitoring, and more. ICB is field proven to eliminate multiple points of human error for a streamlined and more compliant drop process.

JCM increases efficiencies with the BlueWaveDX™ firmware upload tool, which makes it easy to update, configure, and test bill validators and printers, streamlining floor management.

Visit JCM on stand #341 at AGE, and for more information, contact your JCM representative. Join JCM on [LinkedIn](#), [Facebook](#), and [YouTube](#).

About JCM Global

JCM Global is a world leader in transaction and payment technologies. From its global network of offices, the company provides award-winning solutions such as bill validators, note recyclers, printers, systems solutions, and more. Since 1955, its spirit of innovation has resulted in ground-breaking products and components that have earned multiple patents and set worldwide standards. JCM is trusted by operators and suppliers in the banking, gaming, kiosk, retail, transportation, and vending industries. Please visit www.jcmglobal.com for more information.
