Marshall Yards Racing & Gaming Opens Protected by Leading Solutions from JCM Global

JCM installs iVIZION, GEN5, ICB at new property

LAS VEGAS (April 6, 2026) – The excitement is off the rails at Churchill Downs' newest location, Marshall Yards Racing & Gaming in Calvert City, Ky, and the property has opened protected exclusively by award-winning products from JCM Global® (JCM).

Marshall Yards Racing & Gaming has 231 of the hottest historical racing machines, and each is operating with JCM's industry-leading iVIZION® bill validator, GEN5® thermal printer, and ICB® Intelligent Cash Box System.

The installation is the latest in a long history of partnership between JCM and Churchill Downs Incorporated. JCM bill validators, printers, systems, and DSS solutions are found at Churchill Downs properties across the U.S.

Dave Kubajak, JCM SVP – Sales, Marketing & Operations, said, "We are grateful to Churchill Downs for their ongoing trust in JCM's people and products. At JCM we develop long-term partnerships with our customers, and our decades-long relationship with Churchill Downs is a prime example. They are why we will continue to create groundbreaking products that provide the highest levels of protection and performance."

JCM's iVIZION sees better, thinks smarter, and runs faster than any similar product, making it the highest performing bill validator on the market. GEN5 has a lightning-fast CPU, dual channel communication, intelligent ticket handling, cross-enterprise promotional couponing, and superior electro-mechanical design. ICB speeds the entire drop process while also eliminating human error, enhancing accuracy, and increasing compliance, for the ultimate boost in drop and cage performance, compliance, and efficiency.
