JCM AMERICAN PROVIDES TOTAL CURRENCY SOLUTION SYSTEM TO WYNN LAS VEGAS

JCM's Breakthrough UBA Product Debuts at New Las Vegas Resort

LAS VEGAS (May 9, 2005)– Known worldwide for its bill validators and currency solutions, JCM American has supplied a total currency solution to the new Wynn Las Vegas. Now celebrating its grand opening, Wynn Las Vegas received the very latest in currency solutions, including two products making their world premiere – JCM's Universal Bill Acceptor (UBA) and Plastic Cash Box (PCB). Linking the slot floor with the back-of-house is JCM's Intelligent Cash Box (ICB).

After extensive competitive evaluations, Wynn Resorts has chosen the UBA for the Las Vegas and Macau casinos because of its innovative features and the overall service capabilities of JCM. Wynn Las Vegas is the world's first property operating completely with 100 percent JCM currency solution technology. Wynn Macau is also slated to receive the UBA/ICB/PCB total currency solution.

JCM President Aki Isoi said, "We are very honored to be selected by Wynn Resorts, a company with a renowned reputation for excellence and accepting only the very best. We are excited to be working with this cutting edge property and providing the very latest in currency technology."

(more)

Debuting at Wynn Las Vegas is the groundbreaking UBA, the next generation bill validator that can accept multiple currencies simultaneously in one version of software. The UBA sports the latest sensing technology, utilizing magnetic *and* optical sensors; a self-centering mechanism; three-time automatic retry feature; on-board memory; and front-access USB download port. The UBA is completed by its forward/backward-compatible, high-impact Plastic Cash Box.

Linking the slot floor and the backend is the ICB system. The ICB increases efficiency by reducing common human error in casino drop and count processes. The ICB automatically links the cash box to gaming asset and supplies independent data directly from the bill validators and provides accounting accuracy across entire gaming floor.

About JCM

JCM American Corporation is the industry leader in currency handling systems and provides products, software and services to the gaming, vending, banking, amusement, and petroleum industries. Since 1995, its products have validated an estimated \$2.2 trillion in currency for the gaming industry alone. From its international headquarters in Osaka, Japan, and subsidiaries in Düsseldorf, Hong Kong, London, Sydney and its U.S. headquarters in Las Vegas, JCM's progressive spirit continually sets worldwide industry standards with innovative products such as the World Bill Acceptor (WBA), Universal Bill Acceptor (UBA), Trident Table Safe System and Intelligent Cash Box (ICB).
