JCM GLOBAL TAKES INDUSTRY'S MOST SECURE AND ACCURATE PRODUCTS TO NIGA TRADESHOW

LAS VEGAS (April 13, 2009) – JCM Global is world-famous for its innovative products that help to make casino cash transactions as secure and accurate as possible. Now the world leader in currency validation systems will be showing its line of award-winning products with its Alliance partner at the upcoming National Indian Gaming Association Tradeshow. NIGA takes place April 15-16 at the Phoenix Convention Center in Phoenix, Ariz., and JCM will be in booth #340 with TransAct Technologies.

JCM will be showing its award-winning Universal Bill Acceptor (UBA®), Intelligent Cash Box (ICB®) and Sentry® bezel. The combination of UBA and ICB help a casino to increase its accounting accuracy with advanced technological solutions, such as UBA's overt and covert note sensing and ICB's triple electronic accounting check. Additionally, Sentry's easy-to-read LED icons provide self-diagnostics to casino operators for quicker response and lower downtime. JCM Global also represents a wide range of monitor brands for digital display solutions.

JCM is allied with TransAct Technologies to provide a convenient, one-stop-shop for sales and service. In the booth, TransAct will be showing its Epic 950®, Epic 950 with ServerPort™ and Epic 880™ thermal printers.

About JCM Global
JCM Global is the automated transactions solutions provider trusted by operators and manufacturers alike. Its global offices are now united, providing top-level sales, engineering and service for the world's best systems solutions for the gaming, banking, vending and petroleum industries. JCM Global sets standards with products such as the World Bill Acceptor (WBA®), the Universal Bill Acceptor (UBA®), Intelligent Cash Box (ICB®) and the new Vega™ bill validator.
