### **JCM GLOBAL TO SHOW ITS AWARD-WINNING PRODUCTS AT THE 9TH ANNUAL NORTHWEST INDIAN GAMING CONFERENCE AND EXPO**

LAS VEGAS (June 30, 2009) – JCM Global has earned a worldwide reputation for products that help to make casino cash transactions as secure and accurate as possible. Now JCM Global will be showing its line of award-winning products at the 9th Annual Northwest Indian Gaming Conference and Expo.

The Expo is sponsored by the Washington Indian Gaming Association (WIGA) and takes place July 13-15, 2009, at the Tulalip Resort Casino in Tulalip, Wash. JCM will be exhibiting in booth #312 with partners TransAct Technologies and GTT LCD displays.

JCM Global will be showing its award-winning Universal Bill Acceptor (UBA®) and Intelligent Cash Box (ICB®). Now running on more than 56,000 devices, the combination of UBA and ICB helps a casino to maximize revenue and streamline the drop process. UBA/ICB does this by achieving the highest acceptance rates and strictest counterfeit detection using UBA's overt and covert note sensing. ICB's reporting suite helps eliminate cashbox variances and maximize drop and count room efficiency.

JCM Global will also be showing GTT monitors that help casino operators maximize customer marketing with incredibly bright displays and flexible platforms that can run any media type.

JCM is allied with TransAct Technologies to provide a convenient, one-stop-shop for sales and service. In the booth, TransAct will be showing its thermal printers: the Epic 950® and the Epic 950 with its award-winning ServerPort™ technology.
