JCM GLOBAL EXCLUSIVELY INSTALLS UBA® BILL VALIDATORS AND ICB® CASH BOXES AT NEW KICKAPOO CASINO

Casino is 31st to be 100 Percent UBA and ICB

LAS VEGAS (July 14, 2009) – Bill validators and cash boxes from JCM Global are the only such equipment to be found on the 657 gaming devices at the new Kickapoo Casino in Harra, Okla. The casino is owned and operated by the Kickapoo Tribe of Oklahoma who exclusively chose JCM Global's Universal Bill Acceptor (UBA®) and Intelligent Cash Box (ICB®) to manage the casino's currency transactions. The casino is the 31st in the world to operate exclusively with the UBA/ICB combination.

Kickapoo Casino Executive Director of Gaming Development Jack Parkinson said, "We looked at every product available, and we chose JCM Global simply because their products and service are superior to everything else we looked at. We needed a total solution, and we found that in JCM."

The combination of UBA and ICB help a casino to maximize security at the game and increase count room efficiency with advanced technological solutions, such as UBA's overt and covert note sensing and ICB's automated count validation and suite of customizable reports. The pair results in a powerful combination for the highest level of accuracy possible.
