

## Notice of New Office Location in Tokyo

January 2010

Dear all,

We are pleased to announce that we acquired a new office building in Tokyo to enhance the business activities in Tokyo and the surrounding areas. Tokyo office will be moved to this new office building and start business as Tokyo Headquarters for Japan Cash Machine Co., Ltd while maintaining Osaka Headquarters, thereby establishing dual head office system. JCM Systems will also move its headquarters to this new Tokyo office building.

The new office is not just for sales activities: our purpose is to unify different departments in Tokyo and the surrounding areas. Furthermore, R&D laboratories will also be integrated after this spring. With this office, we will 1) enhance management functions, 2) maximize efficiency of business operations, 3) strengthen relationship with our customers, and 4) increase customer satisfactions.

The followings are the detail information:
