JCM GLOBAL'S UBA® NAMED "BEST ELECTRONIC GAMING PERIPHERAL – BILL ACCEPTOR" BY INSIDE ASIAN GAMING MAGAZINE

Award Win Comes After UBA Wins All 100% of New Macau Openings in 2009

LAS VEGAS (March 19, 2010) – JCM Global's Universal Bill Acceptor (UBA®) has won several awards, and now it has been named "Best Electronic Gaming Peripheral – Bill Acceptor" by *Inside Asian Gaming* magazine.

Four bill validators were carefully reviewed by the selection committee, and JCM Global's UBA was crowned the winner. The UBA was judged side-by-side against its competitors for its software stability, hardware quality, ease of service and upgrade, player friendliness, interoperability and integration. "Fast, accurate and reliable," was the verdict of one judge," the magazine says in its reporting of the UBA's win.

JCM Global President Akiyoshi Isoi said, "We are very humbled to receive this distinction from *Inside Asian Gaming* magazine, a leading voice in the region. We have been saying the UBA is a superior product, and now our claims have been validated by an independent third-party, and we are very honored."

Operators in the region have also selected JCM Global's UBA over all other products. The UBA was selected by four out of four new casino openings in Macau in 2009, completely eclipsing all competitors.

The UBA has superior magnetic and optical sensing technology and accepts U.S. and international currencies up to 85 mm in width. Its superior sensing technology, high speed motors and self-centering mechanism combine to create the fastest, most accurate validation available today. The UBA comes equipped with a high-impact plastic cash box, and its award-winning Intelligent Cash Box (ICB®) capabilities help operators to dramatically reduce variances.
