### **JCM GLOBAL HIRES BILL BRUCK AS DIRECTOR OF PRODUCT DEVELOPMENT**

LAS VEGAS (April 15, 2010) – JCM Global, a world leader in currency validation systems, has set global standards with its innovative product line. Now the company has hired gaming currency technology expert Bill Bruck as Director of Product Development. Bruck has a long and successful history in the gaming industry, and has led the industry in its currency validation development.

JCM Global President Akiyoshi Itoi said, "We are thrilled to welcome Bill to the JCM Global team. Bill has a well-earned reputation as an innovator and as a creative thinker, and we know that his expertise will only help to further enhance JCM's position as the clear leader in our field."

Most recently Bruck served as V.P. of Bill Validator Engineering for Money Controls/Ardac, Inc., where he directed international design and development of products for gaming, retail and vending applications. Previously, he was Engineering Manager for Pyramid Solutions Group, directing a team in developing industrial control software and firmware.

Bruck holds an M.S. in Computer Science from Rensselaer Polytechnic Institute, a B.S. in Electrical Engineering from Michigan Technological University and studied Electrical Engineering at Purdue University.

#### **About JCM Global**

JCM Global is the automated transactions solutions provider trusted by operators and manufacturers alike. Its global offices provide top-level sales, engineering and service for the world's best systems solutions for the banking, gaming, kiosk and retail industries. JCM Global sets standards with products such as the Universal Bill Acceptor (UBA®), Intelligent Cash Box (ICB®), the Vega™ bill validator and the new iVIZION™ bill validator.
