JCM GLOBAL WINS BILL VALIDATOR RFP AT KANSAS STAR CASINO

LAS VEGAS (December 8, 2011) – [JCM Global](http://www.jcmglobal.com), the world leader in currency bill validation equipment, is continuing its year-long winning streak, beating the competition in an RFP to place its award-winning [iVIZION®](#) bill validator and [Intelligent Cash Box \(ICB®\)](#) system at the soon-to-open [Kansas Star Casino](#) in Mulvane, Kansas.

Kansas Star Casino is slated to open in early 2012 and will feature 1,310 slots and will later expand to a total of 1,750 slots. JCM's iVIZION and ICB will be installed exclusively on each of the casino's gaming devices. Kansas Star Casino is managed by Peninsula Gaming, LLC.

JCM has won every bill validator RFP it has competed for in 2011.

"Casinos across the U.S. are seeing the benefits of JCM's iVIZION and ICB, and we are thrilled that Peninsula Gaming has chosen both products for their newest venture at the Kansas Star Casino," said JCM Global VP of Sales Mark Henderson. "Throughout 2011, JCM Global has consistently proven that when placed head-to-head against any other competitor, JCM has outdistanced the pack! There is no comparison to iVIZION and ICB, as our continual trips to the winner's circle keep proving."
