JCM Global Brings Trusted, Award-winning Solutions to NIGA's Indian Gaming Tradeshow & Convention 2012

LAS VEGAS (March 6, 2012) – JCM Global is the automated transaction solutions provider trusted by more tribal operators and manufacturers across North America than any other. Now JCM Global will bring its trusted and award-winning solutions to NIGA's Indian Gaming Tradeshow & Convention 2012. The event takes place April 1-4 at the San Diego Convention Center, and JCM Global will be in booth #2649.

JCM Global will be showing its standard-setting, award-winning iVIZION® bill validator, Universal Bill Acceptor (UBA®), Intelligent Cash Box (ICB®), PayCheck 4™ thermal printer, and a wide range of digital display solutions including e-posters and video walls.

iVIZION is setting speed records across the global gaming industry, and is the better, smarter, faster bill validation solution. As the foundation of intelligent validation, iVIZION is built for today's and tomorrow's casino operations. The UBA is the gaming industry's most widely used bill validator, and its superior sensing and anti-fishing technologies have been protecting tribal casino's bottom lines for nearly a decade.

The ICB system helps casinos eliminate several points of human error for a faster, more efficient drop process that reduces waste and adds to the bottom line, and ICB's new web reporting gives users the reports they want, when they want them. The PayCheck 4 is the fastest, smartest and most durable printer in the gaming industry, with print speeds and head life that are twice that of competitive products.

JCM Global has installed video walls at numerous tribal casinos, including Chukchansi Gold, Clearwater Casino Resort and Creek Nation. JCM Global's e-poster solutions can be found at tribal casinos across North America, including Comanche Nation, Tulalip Resort Casino and Fire Lake Grand.

For information on JCM Global's entire line of products, visit jcmglobal.com or call your JCM Global account representative at (702) 651-0000.
