JCM Global Plays Major Role in the New Seven Clans Casino Warroad, Installing iVIZION Validators, PayCheck 4 Printers and NanoLumens Displays

LAS VEGAS (September 17, 2014) – [JCM Global](http://www.jcmglobal.com) is playing a major role in the new casino at [Seven Clans Casino](http://www.sevenclanscasino.com) in Warroad, Minn. The state-of-the-art casino is attached to a new four-story hotel, and JCM is installing its award-winning iVIZION® bill validator, award-winning PayCheck 4™ thermal printer and incredible flexible NanoLumens' Nano Curve displays.

Red Lake Gaming owns and operates Seven Clans Casino Warroad. CEO Raymond Brenny said, "We are very pleased to bring the very latest state-of-the-art equipment and technology to our customers in our new casino, and JCM has been a terrific partner. Our goal was to bring in only the very best for our new casino, and JCM's iVIZION, PayCheck 4 and NanoLumens displays fit perfectly within our plans."

JCM's [iVIZION bill validator](#) is replacing a competitor's product on the casino floor. It will protect the casino from counterfeits with its advanced sensing and Contact Image Sensor (CIS) Technology, which captures the full image of a note or ticket. iVIZION's 99%+ acceptance rate is unrivaled.

The [PayCheck 4 thermal printer](#) lasts twice as long and comes equipped with more standard memory than other printers in its class. It prints faster than other bill validators, so fast that it does not rely on "bursting" like other, lesser printers do. Messaging capabilities on printed tickets enable Seven Clans to make a connection with its patrons.

Seven Clans will also be able to make a connection with guests in spectacular, dazzling fashion with two custom NanoLumens displays. Lightweight, flexible and energy efficient, NanoLumens LED displays are the future of display technology come to life today. The casino is taking full advantage of the dynamic flexibility design with a 360° display plus a curved wall display to fit the casino's unique architecture. Publishing content to the displays is easy with the JCMedia publishing system, which allows operators to quickly and easily publish content from any mobile device.

"We are thrilled to be a part of Seven Clans Casino Warroad. JCM's bill validators, printers and displays are the better, smarter, faster ways for casino operators to make connections with their guests, and we are confident that Seven Clans Casino Warroad will experience the same levels of satisfaction as our clients across the U.S. and around the world," said JCM Vice President of Sales Mark Henderson.
