**JCM Global Brings Leading Bill Validation and Printing Technologies to
Inaugural Keno Australasian Hospitality & Gaming Expo**

JCM will be on Stand #61

SYDNEY, Australia (2 March 2015) – JCM Global has a long and rich history in the Australian and Asian gaming markets, and now JCM is a proud exhibitor at the inaugural Keno Australasian Hospitality & Gaming Expo. The show takes place 24 and 25 March at the Convention & Exhibition Centre in Gold Coast, Australia, and JCM will be on stand #61.

JCM Australia Sales Manager Matt Collaros said, "We are very excited to support and to participate in the inaugural Keno Australasian Hospitality & Gaming Expo. Globally and throughout the Australian and Asian markets, keno, club and hospitality operators have experienced first-hand the high levels of security and flexibility JCM's bill validation and printing technologies bring to the floor, backed by the world's best service. We invite Keno AHG Expo attendees to visit us on stand #61 and experience the JCM difference for themselves."

At its stand will be JCM's world-famous and award-winning bill validation and printing technologies that help operators create and improve connections with their customers. JCM will show its iVIZION® and iPRO® bill validators and the GEN2™ and GEN3™ printers.

iVIZION and iPRO are leading bill validation products with unsurpassed levels of anti-counterfeit and anti-fishing technologies, combined with acceptance rates greater than 99 percent. The GEN2 and GEN3 printers are the most advanced in their class, with flexible technology that allows operators to reach customers directly with messaging tailored to each customer.

Keno AHG Expo is collaboration between ClubsNSW, Clubs Queensland and the Club Managers' Association Australia, and replaces three existing trade show events previously hosted in different locations by the three independent industry leaders.
