NEWS RELEASE

JCM Global to Stage Technical Product Training Prior to SAGSE 2015

LAS VEGAS (November 4, 2015) – JCM Global's technical product trainings have proven to be extremely popular with operators across Latin America, and due to the overwhelmingly positive response to previous sessions, JCM will stage a new series prior to SAGSE 2015.

"For 60 years, JCM Global has created market-leading, innovative technologies that help operators protect their casinos while at the same time helping make better customer connections. With this in-depth product training, slot techs will gain a greater technical knowledge of JCM products, enabling them to maintain optimum product uptime and performance," said JCM Latin America Sales Manager Eduardo Rozen.

The seminars take place at Centro de Convenciones, Costa Salguero, Pabellones 2-3, Buenos Aires, and are presented free of charge for all slot techs throughout Argentina. Attendees can choose from four session options:

1. Wednesday, 11 November from 8:30-11:30 a.m., with breakfast
2. Wednesday, 11 November from 11:30-14:30, with lunch
3. Thursday, 12 November from 8:30-11:30 a.m., with breakfast
4. Thursday, 12 November from 11:30-14:30, with lunch

Products covered in each session are JCM's iVIZION®, iPRO™ and UBA® bill validators and the GEN2 Universal™ thermal printer.

Admission is free, and registration is required. To register, click this link or visit http://acreditec.com.ar/sagse/bsas/visitantes. Last year's training drew more than 300 participants, so attendees are encouraged to register early to guarantee their spot.

Join JCM on stand #200 at SAGSE 2015 and on Facebook, LinkedIn and Twitter.

About JCM Global
JCM Global is the world's leading transaction technologies supplier for the banking, retail, kiosk and gaming industries.
