JCM Global Wins Innovation Award and Shortlisted for Land-Based Product of the Year

LAS VEGAS (October 5, 2021) – JCM Global® (JCM) has won the Innovation Award for its FUZION® systems technology in the G&L Gaming & Hospitality Annual Industry Awards for 2021. The Innovation Award is presented to the company that best demonstrates original thinking in solving one or more business problems, among other evaluated criteria by the G&L Board and Roundtable Colleagues.

“Our entire team is honored to receive the Innovation Award from G&L for our FUZION system technologies,” said JCM SVP of Sales, Marketing & Operations Dave Kubajak. “FUZION brings value to gaming floor operations by enhancing financial asset tracking, increasing security capabilities, enabling direct real-time player marketing, and our NFC Mobile IO® button with the FUZION iTITO® module brings contactless, cashless, and mobile transactions to casino floors.”

JCM’s innovative engineering was also recognized in the Global Gaming Awards, where JCM was shortlisted in the Land-based Product of the Year category for its ICB ASAP® system. ICB ASAP is an acronym for Intelligent Cash Box with Automated Secure Asset Processing, and it features robotic automation in the casino count room, dramatically enhancing productivity in four crucial areas: reducing human contact, strengthening security, improving throughput, and increasing reliability.

“We are incredibly proud of our global engineering team for creating leading technology, and we are grateful to the industry for recognizing our team and their efforts,” Kubajak said. “For more than 65 years, JCM’s spirit of innovation has been our guiding force to design solutions that help our customers, and we appreciate our customers for their feedback and ongoing support.”

JCM will showcase its award-winning technologies in booth #4039 at G2E. In addition to FUZION and ICB ASAP, the company will show an array of innovative products and systems that enhance the guest experience, increase efficiencies, and boost security
