### **JCM Global Brings Award-winning Core Products to MGS 2023**

#### ***iVIZION, UBA Pro, GEN5, ICB, BlueWave on display on stand A-20***

LAS VEGAS (November 6, 2023) – The portfolio of award-winning core products from JCM Global (JCM®) have set industry standards worldwide, and now JCM will show its iVIZION® and UBA® Pro bill validators, GEN5® thermal printer, ICB® Intelligent Cash Box system, and BlueWaveDX™ firmware upload tool at the 2023 MGS Entertainment Show.

MGS takes place November 14-15, 2023, at the Galaxy International Convention Center. JCM will be on stand A-20 with representatives from the company's offices across Asia-Pacific, including Macau, Australia, Hong Kong, and Japan.

"We are thrilled to exhibit at the 2023 MGS Entertainment Show. JCM has been dedicated to the Macau market from the beginning, and we are excited to be on the show floor once again at MGS, showcasing our core products, and talking about their many benefits to security and efficiency," said JCM General Manager Asia Pacific Ian Payne.

iVIZION is the gaming industry's leading bill validator, and sees better, thinks smarter, and runs faster than any product in its class. With an improved design, the UBA Pro delivers better performance with a low cost of ownership. GEN5 has faster print speeds and larger memory for simple ticket printing and advanced couponing messages. ICB eliminates human error, increases accuracy, and helps increase compliance. Using high-speed data transfer, BlueWaveDX™ allows easy updating, configuring, and testing of bill validators and printers.
