JCM Global Installs iVIZION, GEN5, and ICB system at New Rosie's in Emporia

Seventh Rosie's property to install JCM core products

LAS VEGAS (December 12, 2023) – The new Rosie's in Emporia recently opened with what the property calls “150 of the hottest games,” each of which is protected by JCM Global® (JCM) award-winning core technologies. JCM installed its iVIZION® bill validator, GEN5® thermal printer, and ICB® Intelligent Cash Box system on each of the new property's games.

Rosie's in Emporia is the seventh Rosie's property to open with JCM core technologies.

“We are honored to again expand our long-term relationship with Rosie's Gaming Emporium and Churchill Downs Incorporated and to install our core technologies at Rosie's in Emporia,” said JCM SVP – Sales, Marketing & Operations Dave Kubajak. “JCM's iVIZION, GEN5, and ICB are leading technologies that provide a powerful combination of security and compliance, while also helping to enhance the guest experience for properties of all sizes.”

iVIZION is the gaming industry's leading bill validator, and sees better, thinks smarter, and runs faster than any product in its class. GEN5 has faster print speeds and larger memory for simple ticket printing and advanced couponing messages. ICB eliminates human error, increases accuracy, and helps increase compliance.
