### **Churchill Downs' new Derby City Gaming Downtown Opens Protected by JCM Global Core Products**

LAS VEGAS (January 23, 2024) – Billed as “Louisville’s hottest play,” Churchill Downs’ new Derby City Gaming Downtown recently opened, and the new property is protected by core products from JCM Global® (JCM). Each of Derby City Gaming Downtown’s 490 historical racing machines features JCM’s iVIZION® bill validator, GEN5® thermal printer, and ICB® Intelligent Cash Box system.

The opening is the latest milestone in a years-long relationship between JCM and Churchill Downs Incorporated. Most recently, JCM installed its core products at Rosie’s in Emporia in November.

“Our bill validator, printer, and systems business is thriving, and we are thrilled to again expand our relationship with Churchill Downs by equipping Derby City Gaming Downtown with our core products,” said JCM SVP – Sales, Marketing & Operations Dave Kubajak. “Whether the device is Class III, Class II, HHR, or VLT, our iVIZION bill validator, GEN5 thermal printer, and ICB Intelligent Cash Box system deliver unsurpassed security, operational efficiency, and player convenience.”

iVIZION is the gaming industry’s leading bill validator, and sees better, thinks smarter, and runs faster than any product in its class. GEN5 has faster print speeds and larger memory for simple ticket printing and advanced couponing messages. ICB eliminates human error, increases accuracy, and helps increase compliance.
