JCM Global Installs iVIZION and ICB System at Fair Grounds Race Course & Slots in New Orleans

LAS VEGAS (July 9, 2024) – JCM Global® (JCM) has installed its award-winning iVIZION® bill validator and ICB® Intelligent Cash Box system at the historic Fair Grounds Race Course & Slots in New Orleans. JCM upgraded its UBA® bill validator to iVIZION and installed ICB on each of the 620 slots at Fair Grounds.

Previously, JCM installed its GEN5® Thermal Printer at Fair Grounds, and now with iVIZION and ICB, the path is open for the property to take full advantage of JCM's FUZION® technology in the future.

“The storied Fair Grounds Race Course & Slots is the nation’s third-oldest racetrack, and now that history meets JCM’s leading and advanced technologies, providing a perfect blend of security, efficiency, and guest service,” said JCM SVP – Sales, Marketing & Operations Dave Kubajak. “We are thrilled to continue our long-standing partnership with Fair Grounds.”

iVIZION is the gaming industry’s leading bill validator, and sees better, thinks smarter, and runs faster than any product in its class. GEN5 has faster print speeds and larger memory for ticket printing and advanced couponing messages. ICB eliminates human error, increases accuracy, and helps increase compliance.
