JCM Global Awarded License by New Mexico Gaming Control Board

License enables JCM to sell and service customers directly throughout State

LAS VEGAS (September 16, 2024) – JCM Global® (JCM) has successfully passed regulatory review and is now licensed by the New Mexico Gaming Control Board. This license enables JCM to sell and service customers directly throughout the state.

This license is the latest in JCM's wide array of awarded gaming licenses across North America and around the world and underscores JCM's commitment to holding itself to the highest regulatory standards. JCM now maintains more than 170 active gaming licenses.

“Achieving this licensing in New Mexico clearly demonstrates that JCM is willing to meet our customers where they are. Our mission is to give every customer the best possible service and support, and now we can provide that directly for our industry leading transaction and automation solutions throughout New Mexico instead of through third party vendors,” said Dave Kubajak, JCM Global SVP Sales, Marketing, and Operations.

JCM provides a broad range of products to casinos in New Mexico including iVIZION® and UBA® Pro bill validators, GEN5® thermal printers, ICB® Intelligent Cash Box System, FUZION® system with AML monitoring, and DSS Digital Signage Solutions.
