JCM Global Awarded License from Colorado Division of Gaming

License enables JCM to sell and service TITA Table Game System to customers throughout State

LAS VEGAS (September 23, 2024) – JCM Global® (JCM) has been licensed by the Colorado Division of Gaming, authorizing JCM to sell the TITA™ Table Game System directly to customers throughout the State, in addition to its other leading transaction and automation solutions.

This license builds on JCM's more than 170 active gaming licenses the company holds and maintains across North America and around the world. Most recently, JCM earned licensing in the State of New Mexico.

“Attaining this license further demonstrates JCM’s commitment to our customers and to regulatory compliance,” said Dave Kubajak, JCM Global SVP Sales, Marketing, and Operations “Customers throughout Colorado already use our core technology and solutions and have showed great interest in our TITA system, so we pursued this license to bring expanded product availability for those customers.”

The TITA™ table game solution optimizes operations, increases funds access, and improves cash flow. Through TITA, players easily redeem tickets and other cashless funds for chips, access funds via debit card with the POS, and convert winnings into tickets and cashless, all directly at the table. TITA also enables operators to monitor live transactional activity.

Discover the difference licensed and quality service makes. Contact your JCM representative today, and join JCM on [LinkedIn](#), [Facebook](#), and [YouTube](#).

About JCM Global

JCM Global is a world leader in transaction and payment technologies. From its global network of offices, the company provides award-winning solutions such as bill validators, note recyclers, printers, systems solutions, and more.
