### **Enhance the Customer Experience with JCM Global at G2E 2024**

Casinos of all sizes around the globe can enhance their guests' experience with leading products from JCM Global® (JCM). JCM is ready to impress attendees in booth #4039 at G2E 2024 with a showcase of the most sophisticated technologies and solutions for both the casino floor and count room. From vibrant digital signage to seamless solutions powering cash and mobile transactions, JCM will show once again why it is at the forefront of industry innovation.

“Our dedicated global design and development teams strive to create groundbreaking innovations that foster engaging, exciting experiences. We are proud to present our latest solutions, which we believe will inspire and captivate G2E attendees,” said JCM SVP of Sales, Marketing & Operations Dave Kubajak.

#### **Interactive Environments with Dynamic Digital Signage**

Digital signage empowers casinos to dynamically and creatively communicate with their guests indoors and outdoors. In the booth, attendees can see the possibilities as they explore the TV PRO™, VB DIAMOND™, LED posters, and the crystal-clear DSS CLEAR™ series, featuring the NSN8 6.5' high wall, NexBarrier or NB6 3.5' high wall, and the eye-catching CLEAR Circle and CLEAR Curve displays.

#### **Seamless Transactions with Award-Winning Technology**

JCM's award-winning bill validators provide a smooth and secure experience for players. The iVIZION® and UBA® Pro set global casino standards for reliable and secure cash and TITO handling, while powering mobile transactions at the casino gaming machine. The UBA® Pro-RC, UBA® Pro-RQ, and MRX® offer efficiency in banknote recycling perfect for unattended point-of-sale and kiosk transactions.

#### **Personalized Rewards with Innovative Printers**

Industry-leading thermal printers GEN5® and CouponXpress™ enable operators to deliver TITO, personalized promotions, and rewards directly to the player, enhancing their gaming experience and loyalty.

#### **Transparent Management with Next-Level System Solutions**

Visitors will also discover the future of casino system solutions with JCM's FUZION®, now GLI-certified with mobile transaction capability. The ICB® Intelligent Cash Box System, PromoNet® Promotional Couponing System, and CountR's TITA™ table game transaction system further demonstrate JCM's commitment to advancing the industry.

#### **Revolutionize the Count Room with Robotic Automation**

JCM continues to innovate with ICB ASAP®, a system of industrial-grade robots and robotic automation. ICB ASAP streamlines count room operations, increases efficiency in the count process, and supplements the extensive manual labor process.

Join JCM in booth #4039 at G2E 2024 and discover the countless ways JCM's technologies and solutions enhance the guest experience at casinos of all sizes, all over the globe.
