JCM Global Installs New Digital Signage Solutions for BCLC at Chances Castlegar

Installations are JCM's latest joint project with R2 Gaming for BCLC

LAS VEGAS (August 13, 2025) – Fresh off an installation at Hastings Racecourse & Casino in Vancouver, British Columbia, JCM Global® (JCM) and R2 Gaming have installed two new Digital Signage Solutions (DSS) at the BCLC's Chances Castlegar in Castlegar, British Columbia.

JCM and R2 Gaming installed a column wrap greeting guests in the entryway of the casino and a video wall advertising current promotions on the perimeter of the casino floor.

Specifically, the column wrap is DSS FLEX-S 1.875mm measuring just under 8 feet high and 2'3" in diameter. The video wall is a TV PRO stretching an incredible 13 feet 9 inches wide and 7 feet 9 inches with a 1.87mm pixel pitch. The result is a stunning, modern marketing powerhouse visible from everywhere on the casino floor.

"Guests at Chances Castlegar can expect exciting entertainment with fun that never stops. We are thrilled to enhance that player experience with these JCM Digital Signage Solutions, the second and third LED displays installed for BCLC with R2 Gaming," said JCM Dave Kubajak, SVP – Sales, Marketing & Operations.

"It was truly a pleasure to work with the JCM and BCLC teams on this innovative and impactful digital signage project. This modernization exercise demonstrates the commitment of all parties to deliver on giving patrons an extraordinary customer experience," said Rocco DiPaola, Director at R2 Gaming Inc.
