### **City of Dreams Sri Lanka Opens with JCM Global Technology**

#### ***JCM installed its award-winning iVIZION bill validator and ICB system in all electronic casino games***

LAS VEGAS (September 22, 2025) – The stunning City of Dreams Sri Lanka is the first integrated resort in South Asia, and the landmark property has opened with award-winning technology from JCM Global® (JCM).

JCM installed its iVIZION® bill validator to protect all the casino's electronic gaming machines and ICB® Intelligent Cash Box system to streamline the entire drop process. iVIZION validates and accepts more than 120 of the world's currencies, including the Sri Lankan Rupee. The ICB system is live on over 280,000 electronic gaming machines worldwide and continues to bring industry-leading efficiency to the drop and count process.

JCM and Melco Resorts & Entertainment have a long history of partnering in the casino industry, dating back over 20 years when Melco successfully introduced "café-style slot-machine parlors" into the Macau market. In addition to City of Dreams Sri Lanka, JCM products are also found at other Melco properties, including City of Dreams Manila, City of Dreams Macau, and Mocha Clubs in Macau.

Dave Kubajak, JCM SVP – Sales, Marketing & Operations, said, "We are thrilled to further expand our relationship with Melco at the exciting City of Dreams Sri Lanka. Casino operators worldwide trust and rely on JCM solutions, like iVIZION and ICB, to be the first line of defense to protect their casino floor, while also streamlining operations and boosting compliance. We are honored to bring our industry-leading technologies to such an incredible and landmark gaming property."

JCM's iVIZION is the leading bill validator in its class, unmatched in both security and performance. Its advanced Contact Image Sensor (CIS) technology enhances security by scanning 75 times more data points than any bill validator, capturing the full image of both sides of a banknote or ticket, all while maintaining the fastest and highest acceptance rate.

JCM's ICB Intelligent Cash Box system streamlines the entire drop process, eliminating human error, enhancing accuracy, and boosting compliance. The ICB system offers customizable web-based reporting for intelligence-driven floor drops and decision-making.

Discover the game-changing difference the technologically advanced iVIZION and ICB can make on your casino floor. Contact your JCM representative today, and join JCM on [LinkedIn](#), [Facebook](#), and [YouTube](#).

#### **About JCM Global**

JCM Global is a world leader in transaction and payment technologies. From its global network of offices, the company provides award-winning solutions such as bill validators, note recyclers, printers, systems solutions, and more.
