JCM Global Brings CLEAR Excitement to Golden Mesa Casino

LAS VEGAS (October 1, 2025) – JCM Global® (JCM) is a CLEAR partner in Golden Mesa Casino's thrilling expansion project. The expansion will transform the first casino in the Oklahoma panhandle into a premier entertainment and hospitality destination, and JCM has installed a new CLEAR™ Digital Signage Solution in the heart of the casino.

Measuring an impressive 12 feet wide by 7.5 feet high, the CLEAR display acts as a seamless visual divider that maintains a sense of connection between the new high limit room and the expanded casino floor while enhancing the guest experience in each space. CLEAR solutions are infinitely flexible in terms of content, and with its incredibly bright LED display, the CLEAR wall from JCM will show a wide range of gaming and Golden Mesa-branded content – all of which can be instantly uploaded via a user-friendly app.

"The CLEAR display has introduced a fresh dynamic to our gaming floor. It not only enhances the visual appeal of the space, but also draws the attention and curiosity of our patrons. In our high-limit area especially, it adds a modern, elevated touch that complements the premium experience we strive to offer," stated Anthony Jones, General Manager of Golden Mesa Casino & Hotel.

Dave Kubajak, JCM SVP – Sales, Marketing & Operations said, "The Golden Mesa expansion is an important milestone in Oklahoma gaming's history, and we are thrilled to be a part of it. Our CLEAR displays offer a dynamic solution that empowers the Golden Mesa marketing team to easily deliver timely, engaging content. The displays' ultra-transparent glass protects the LEDs, and it also creates visually open spaces on the casino floor, elevating the gaming environment."
