

COMPACT. FAST. SECURE.

VEGA-RC TWIN

Reduce operational costs and keep customers happy with the amazing new, super compact Vega-RC Twin™ from JCM Global®! Vega-RC Twin has two large-capacity drums for 30 banknotes each for instant payout, keeping your equipment running and your customers happy. Plus, Vega-RC Twin has an improved security design which prevents notes in the RC unit from being accessed by service technicians.

FEATURES

- Two high-capacity recycling drums
- Improved security features
- Supports ccTalk and ID-003
- Compact body (only 20mm higher than single drum)
- Load banknotes into RC unit through bezel

BENEFITS

- Reduces float & risk of coin starvation
- Prevents technicians from accessing banknotes
- Assures easy integration to any machine in the field
- Easy retrofit from standard Vega-RC
- Fast and convenient loading
